Event information - 3rd Edition - 17, 18, 19 May 2019

The 6Points Charity Cycling Challenge was conceived in 2016 as a charitable ride by a single person around Mallorca. The idea evolved and grew and the very successful inaugural event was held in May 2017 with 26 riders taking part of whom 7 rode in all three sectors. The second edition took place in May 2018 with 43 riders starting and 25 riding in all three sectors.

It is a charity cycle ride from Santa Ponça, Calvia, to the six extremities of Mallorca – four compass points (north - Cap Formentor, south - Cap de Salines, west - Saint Elm and east - Cala Ratjada) and to the highest (Puig Major) and lowest (Santa Ponça Beach) points. The ride is designed in 3 distinct sectors, one per day, and riders may choose to participate in all three or only one or two of the sectors. The ride is on tarred roads and the event takes three days. Clearly, this a tough challenge, and riders will cover, in total, over 400 kilometres and climb more than 7500 metres!

6Points aims to raise funds for charity and, in 2017, we supported the Allen Graham Foundation 4 Kidz and the RANA Foundation and raised €6,440 for them.

We selected ASDICA as our charity for 2018 and are delighted to have raised over €27,700. ASDICA is a small charity which supports many

young intellectually disabled people. They do fantastic work and the funds we raised have literally changed the face of the organisation and enabled them to do significantly more for their members. We are delighted to be supporting ASDICA in 2019 as well. For more information on ASDICA, click on <http://www.asdica.com/>

Sponsors are a **vital** important part of the fundraising and we will make considerable efforts to give you visibility. We expect increased press, media and social media interest in the 2019 event and will be offering good promotional opportunities to sponsors.

Some comments from riders and sponsors:

Ade (President of a major UK cycling club) - "I loved it - it was the best cycling event I have ever done!. The finish was a real highlight and **meeting Asdica was a life highlight**, let alone a trip highlight. I'll be there in 2019 and I've been spreading the word at home..."

Bruno - "Meeting the charity (Asdica) was great and very humbling"

Nicky, a sponsor - "I definitely want to sponsor next year and get more involved. I love what you are doing."

Harvey, semi pro rider - "it was the toughest event I have ever done...."

Katie, second time rider - "An amazing event. One that leaves you hanging - missing the people, the cycling and the experience of the whole package that was organised perfectly.

Absolutely amazing and would do it all again at the drop of a hat."

Glen - "I was very happy to be part of the ride and the fundraising and am happy that I was able to contribute to Asdica."

Lewis, semi pro rider - "Just wanted to say that the event was absolutely fantastic, awesome hotels and routes and I had an awesome time with everyone. Everything from the food and hotels to the support from Justin and Symke was incredible, it couldn't have been better.

Thanks again for organising it all and I can't wait to come back next year!"

Stef - "The best challenge of the year, riding for a great cause and with great people. Can't wait for next year..."

Joe - "This was my first trip to Mallorca and what a way to see the island! Bring on next year!"

Justin - "I've completed many long distance events but none compared to this - amazing scenery, interesting route, camaraderie, and, above all, the amount of fun the whole group had over the three days meant it was easily the best weekend I have ever had on a bike!"

Proud ASDICA members sporting their honorary medals received for their support in cheering on the riders
